Dear The Federal Communications Commission,

I am perfectly willing to pay more for my telephone service! I urge you to support a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am glad to hear that there is concern about providing service to rural areas and I am offended that my phone service provide would oppose such an effort.

This is a wonderful that reflects the true idea of how communities must take action together to support the needs of others.

I urge you to accept the proposal to move the USF collection system to a flat-fee.

Sincerely, Erick E. Swanson 1849 Denver Dr. 4B Dubuque, IA 52003
